

K-Love radio is part of our Austin community and we are enjoying its signal tremendously. We listen all day long in the car and at home. It's positive message is unbelievable for having children in the car. If you choose to take away K=love and put in a LPFM we will be extremely disappointed. The service K=love provides to us here in the Austin area is great. We have very little Christian radio and we are in great need of a strong station with ministry times and great encouraging music. This action would greatly affect our community which is a strong ant-Christian area as it is. We need to have our type of stations as well and taking K=love would be a terrible tragedy for us. We are a family of 4 and all of our friends listen daily as well. Thanks for considering this. WE NEED MORE WHOLESOME VALUES IN OUR WORLD, COUNTRY AND ESPECIALLY THE AUSTIN AREA!
